Electronic Toilets-Features

- 
Cleaning function
 The temperature and pressure/intensity of the water can be adjusted by each user.

- 
Drying function
 An adjustable temperature air flow dries the seat zones after the cleaning.

- 
Seat and Cover
 Soft and firm descent and closure of the toilet cover and adjustable temperature seat.

- 
Maximum Hygiene
 The nozzle is extended automatically, the nozzle cleans itself with water.

- 
Remote control
 Toilet inclusive remote control for greater comfort and convenience.

- 
Antibacterial
 Seat and cover treated with antibacterial substance that prevents bacteria build up.

- 
Oscillating cleaning
 A specific function that enlarges the cleaning zone thanks to the back-and-forth movement of the nozzle.

- 
Energy saving
 The function sets the standby mode when the toilet is not in use in order to save energy.

- 
Flushing Cleaning
 A specific function for cleaning by means of intermittent jets of water.

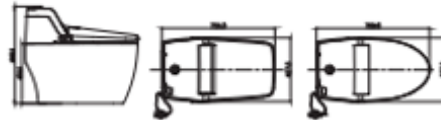

Electronic Toilet - Luxury

Electronic Toilet - Luxury
 With Plus (HydrobidetLine)

Vanity Features

Soft close (drawers)
Thanks to this slow closing system, drawers will close softly and slowly, for extended product durability.

Soft close (doors)
Thanks to this slow closing system, doors will close softly and slowly, for extended product durability.

Moisture Resistant
Made from high-moisture-resistant particle wood, ideal for dry areas and cabinets come with additional edge-banding that ensures durability.

Water Proof
The units are made of water proof PVC board, thus ensuring years of corrosion-proof usage in bathroom spaces.

5 Years Warranty
These units come with a 5 years warranty so that you enjoy the freedom of utility with complete peace of mind.
